

LPT

LPT is a high-energy SALSA orchestra out of Jacksonville, FL comprised of some of the most sought-after musicians in the area; a supergroup as diverse as the area it represents. In January 2020, the group released their debut album, ***Sin Parar*** and the album won for **Best Latin Album** at the **18th Annual Independent Music Awards** that same year.

LPT released ***Se Quema El Mundo*** in 2021. This sophomore album is comprised of nine original compositions that deliver intricate salsa arrangements buttressed by the group's leave-it-all-on-the-stage attitude. With a powerhouse draw-capability in Jacksonville, the group is poised to repeat that regionally and nationally.
